

IMPORTANT SAFETY RECALL

Driver Air Bag Inflator Replacement - Safety Recall 7914J NHTSA Campaign No. 14V-344

March 2015

This notice applies to your vehicle, VIN _____

Dear Mazda Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Mazda Motor Corporation has decided that a defect which relates to motor vehicle safety exists in certain 2004-2008 RX-8, 2004-2008 Mazda6, and 2006-2007 Mazdaspeed6 vehicles.

If you are a recipient of this notice, your vehicle is included in this Safety Recall.

What is the problem?

In the subject vehicles, continued exposure to high levels of absolute humidity may cause the front air bag inflator housing to rupture and deploy abnormally in the event of a crash necessitating deployment of the driver side frontal air bag. An inflator rupture could result in metal fragments striking and potentially seriously injuring vehicle occupants.

What will Mazda do?

Your Mazda dealer will replace the driver air bag inflator with a new one, free of charge. **Parts are available for your vehicle repair.** The repair should take less than one hour to complete; however, it may take longer depending on the service workload at your Mazda dealership.

What should you do?

Mazda is concerned about your safety, and we encourage you to make an appointment with any authorized Mazda dealer to have the airbag inflator replaced as soon as possible. Making an appointment provides the dealer the opportunity to reserve the necessary part for your repair and plan their service activity, thus minimizing your wait time and inconvenience this recall may cause you. You do not need to bring this notice to the dealer, but it may assist in the check-in process.
